

**Alcorn County Electric Power Association
Outdoor Lighting Agreement
(Non-Metered)**

The Alcorn County Electric Power Association, hereinafter called Association, and

_____ (Name)

_____ mutually agree as follows:

(Address)

1. The Association will furnish and install, at no expense, to the member, a yard light unit at a location jointly agreed upon by the member and a representative of the Association. Association will make all necessary connections to control the unit for a flat rate per month in accordance with the following schedule:

_____ fixture on existing pole	\$ _____ /mo.
_____ using 1 pole	\$ _____ /mo.
_____ using 2 poles	\$ _____ /mo.

Schedule of Charges

The Schedule above reflects the charges under the current Outdoor Lighting Rate Schedule, however during the life of this contract and at any time thereafter, these charges may be adjusted to conform with Outdoor Lighting Rate Schedule as may be adopted by the Association.

2. The above rates is applicable only to the extent that Association will set not more than two poles per lighting unit and that the Landlord agrees, by executing this contract, to pay \$ _____ as a flat charge per month for a minimum of _____ months.

Contract Requirement

Light unit installed on existing pole	24 month contract
Light unit installed using one or two poles	48 month contract

Relocation of Outdoor Lighting Facilities

Association shall, at the request of the Member, relocate or change existing Lighting unit. Member reimburse Association for such charges at actual cost including appropriate overheads.

Lamp Replacement and Maintenance

It is understood that all lamp replacement and maintenance will be done during regular working hours and that the Association will make every effort to repair the unit within five (5) days after notification that the unit is defective. Member agrees to pay actual cost of any lamp replacement of maintenance caused by acts of vandalism.

It is agreed and understood that the Alcorn County Electric Power Association will use reasonable caution in installing the requested outdoor light, however in event any damage should occur to my property, I will save the Alcorn County Electric Power Association harmless from any claim arriving as a result of the above work.
